

*God's Love,  
Our Mission*

CAPITAL CAMPAIGN  
NEWSLETTER, VOL. 2

Brothers and Sisters,

"I planted, Apollos watered, but God was causing the growth." 1 Corinthians 3:6

What are we to do when God blesses our parish with growth? Let us be thankful to God for all his blessings and see our new Church as his invitation for us to trust Him more and give what we can. God multiplies what we give, like the loaves and fish. But we must first offer him what we have. Join with the many families who have already pledged and make your pledge this month!

Part of our next phase of construction is our new Parish Life Center which is being remodeled through the efforts of many volunteers. I especially thank Dan Gregory, the Knights of Columbus and many others who have volunteered their time and talent. It is wonderful to have the new St. John Paul II Youth Center to serve our teenagers and be utilized by other ministries in the parish. The Youth Center is a gift from God as the space we acquired was more than we planned to build.....Jesus always makes room for our youth and children!

Praying that God bless you and your family,  
Rev. Philip Wilhite, Pastor

**Testimony of the Iracheta Family**

We have attended Sacred Heart Parish since we moved to Conroe over 10 years ago and started our family, it holds a special place in our heart. We are so blessed that Sacred Heart is where we call home. It is where we baptized our children, where they have received their sacraments, where we were married, and where we come together as a family to worship and praise the Lord. Our family is proud to be part of the Sacred Heart community that has always been loving, accepting, friendly, and welcoming to us.

We felt it was so important to make a pledge to God's Love, Our Mission to do our part to help ensure that our children and future generations are able to have a place they can call home, to be able to worship, to serve, and to come together as ONE to receive our Lord Jesus Christ. Although both parents work in our household, it is a true sacrifice for our large family to make a commitment to pledge, with three children in college, Catholic School tuition, and everyday living expenses. We have made it a priority, just like in our own household we believe it takes the effort of every family member to keep the house running, and it will take the commitment and effort from every member of our parish family to make the goal a reality. It is our turn to contribute and do our part in whatever capacity we are able, WE CAN DO IT!! Please think and pray about making your contribution to God's Love, Our Mission for the future generations.
